Burlington , Ontario , Canada | [289-218-9862] | [sebastiantobiasz45@gmail.com]

Education

[2014 – 2016]

Computer Programming

Sheridan College

[2013 – 2014]

Computer Programming

Humber College

Experience

[April 25/2016 – Current]

Remote Web Developer| IdeaPrairie.com

Working on creating improved version of currently running site for a small startup company called IdeaPrairie.

- This job required me to learn skills I had no prior experience in. Because I'm a fast learner, I didn't find it too difficult to adjust.
- Only two developers are hired for this project, my great problem solving skills had been very useful.

[September 2013 – December 2013]

IT Support | e-learning administrator | Halton Healthcare Services

Maintained and designed e-learning courses aimed to efficiently teach and test hospital staff on new skills and knowledge. Utilized strong communication skills to coordinate processes with colleagues and problem solving to troubleshoot errors with signing on to e-learning database.

Skills

- Proficient in -Linux, Bash Script, System Administration (2 years)
- Experienced in HTML, CSS (2 years), JAVA (3 years), MySQL
- Strong organizational and time management skills used to effectively balance work schedule
- Problem solving skills utilized to troubleshoot errors and configure solutions in scripts
- Task and process oriented with strong attention to detail to achieve desired results
